COUNCIL BILL 23-0198R
(Resolution)**

Introduced by: Councilmembers Burnett and Ramos
Introduced and adopted: November 20, 2023

A COUNCIL RESOLUTION CONCERNING

Request for Federal Action – Support Medicare for All

FOR the purpose of urging President Joseph R. Biden and the United States Congress to expand Medicare into a federal single-payer system to provide health care to all Americans.

Recitals

High-quality health care is a human right. Almost 30 million Americans are uninsured, including approximately 356 thousand Marylanders. Among working adults in 2022, approximately 29% with employer coverage, and approximately 44% of those with coverage purchased through the individual market, were under insured – i.e. they had an insurance policy that did not provide adequate coverage or they had gaps in coverage during the year.

Millions of Americans with insurance have coverage so inadequate that a major illness can lead them to financial ruin– illness and medical bills contribute to two-thirds of all bankruptcies in the United States. Further, there are major racial inequities in this crisis, as three quarters of uninsured adults in Maryland are people of color.

“Medicare for All” refers to a collection of legislative proposals that aim to expand Medicare into a federal single-payer system that provides health care to all Americans. Ideally, Medicare for All would provide full coverage without premiums, co-pays, deductibles, or other out-of-pocket costs, and would slash bureaucracy, protect the doctor-patient relationship, and ensure patients a free choice of doctors.

Medicare for All is overwhelmingly popular with the public, as 69% of Americans support the proposal. Baltimore City joins these citizens and enthusiastically supports Medicare for All and calls on our federal legislators to work toward enactment of Medicare for All, as described in the United States Senate and House of Representatives Medicare for All Acts of 2023, ensuring comprehensive health care for all Americans.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF BALTIMORE, That Baltimore City expresses its support for state-level single payer legislation and calls on Maryland’s State legislators to work toward legislation to guarantee the same comprehensive health care coverage to all Maryland residents, whether through federal or State legislative action.

EXPLANATION: Underlining indicates matter added by amendment.
~~Strike out~~ indicates matter deleted by amendment.
