29 by this section, members described in subparagraph (i) of this paragraph (2), on  
30 ceasing all permanent full-time and permanent part-time employment with the  
31 City, shall receive benefits calculated to include all post-retirement increases, in

6 [(b) *Amount of benefit increase payable for fiscal years ending on or before June 30, 2009.*]

7 [As of the end of each fiscal year ending on or before June 30, 2009, a determination shall  
8 be made of the amount of increase (if any) of retirement benefit payments which may be  
9 payable to eligible persons. The amount of retirement benefit increase shall be calculated  
10 with reference to excess investment earnings of the Annuity Reserve Fund and the  
11 Pension Reserve Fund only, and according to the method described in subsection (c)  
12 below.]

13 [After determination of the amount of excess investment earnings available for retirement  
14 benefit increases, such excess investment earnings shall be allocated to eligible retired  
15 members and beneficiaries according to the following method. The percentage by which  
16 the benefits shall be increased shall be determined by the actuary as the amount that the  
17 investment earnings determined in subsection (c) below would be sufficient to fund on a  
18 single premium paid up annuity basis using the actuarial valuation assumptions on the  
19 June 30 preceding the effective date of the increase.]

20 [(i) Effective as of January 1, 1984, an increase may be payable to each retiree or

25 from this plan and the amount of each person's benefit being paid as of June 30,  
26 1983. A percentage factor will be determined by the actuary to increase benefits  
27 to those eligible. The percent increase in an eligible member's or beneficiary's  
28 benefit will equal the percentage factor times full years which the member or  
29 beneficiary has been receiving benefits. No fractional years will be used.]

30 [(iii) The allocation method set forth in paragraph (ii) above shall apply only until the  
31 following benefit increase objectives have been met:]

<i>[Date benefit payments began</i>	<i>Percent increase]</i>
[7/1/80 - 6/30/81	1%]

[7/1/77 - 6/30/78	4%]
[7/1/76 - 6/30/77	5%]
[7/1/75 - 6/30/76	6%]
[7/1/74 - 6/30/75	7%]
[7/1/73 - 6/30/74	8%]
[7/1/72 - 6/30/73	9%]

**Council Bill 24-0532**

1	[7/1/71 - 6/30/72	10%]
2	[7/1/70 - 6/30/71	11%]
3	[7/1/69 - 6/30/70	12%]
4	[7/1/68 - 6/30/69	13%]

8	[7/1/64 - 6/30/65	17%]
9	[7/1/63 - 6/30/64	18%]
10	[7/1/62 - 6/30/63	19%]
11	[before 7/1/62	20%]

12 [After the above objectives have been met, the allocation of new excess  
13 investment earnings shall be made without reference to the number of years any  
14 member or beneficiary has been receiving benefits. The allocation to eligible  
15 persons shall then be made by the actuary on an equal percentage basis.]

16 [(iv) For each June 30 after June 30, 1983, the determination of the amount of excess  
17 investment earnings and allocation of such earnings to eligible persons shall be  
18 calculated using the appropriate method outlined in paragraph (ii) or (iii) above  
19 with the amount of distribution and the allocation of such amount being calculated  
20 as of the end of the fiscal year, with any increase to commence effective as of the  
21 following January 1.]

22 [The benefit increase payable pursuant to this section shall be payable in the same  
23 form as the basic benefit being received by the eligible person.]

24 [(c) *Amount of investment income to be used to increase benefits.*]

25 [Notwithstanding § 36 as it applies to excess earnings, the amount of excess investment  
26 earnings available as of each June 30 for an increase in benefits will be equal to the  
27 product of items (i), (ii), and (iii) of this subsection. Each item, except for item (ii), is  
28 determined as of each June 30 beginning with June 30, 1983, and any benefit increase  
29 becomes effective as of the following January 1. Item (ii) is determined as of the June 30  
30 that is 18 months prior to the effective date of the benefit increase, beginning with June  
31 30, 1982.]

32 [(i) The dollar amount of net excess investment earnings determined on the following  
33 basis:]

34 [Before the Reserve for Book Value is paid off, net excess investment  
35 earnings shall be that portion of total fund earnings between 8% and 10½% of  
36 average market value, plus ½ of the fund earnings in excess of 10½%.]

37 [After the Reserve for Book Value is paid off, net excess investment earnings  
38 shall be that portion of total fund earnings between 7½% and 10% of average  
39 market value, plus ½ of fund earnings in excess of 10%.]

## Council Bill 24-0532

1 [For purposes of the above calculations, earnings shall be net of investment  
2 expenses and include realized and unrealized gains and losses and all other  
3 sources of investment gains and losses as shown in the actuary's report. The  
4 investment return used in this section shall be based on the annual return as of  
5 each June 30, commencing with the year ending June 30, 1983. The average  
6 market value for the year shall equal  $\frac{1}{2}$  of the market value of the 4 funds as of the  
7 beginning of the year plus  $\frac{1}{2}$  of the market value of the funds as of the end of the  
8 year minus  $\frac{1}{2}$  of the earnings during the year. The earnings and market value of  
9 the funds for the purpose of this section are assumed to be equal to the values  
10 contained in the actuary's report. Any later audit changes shall be ignored.]

11 [(ii) The ratio of the sum of the Annuity Reserve Fund plus the Pension Reserve  
12 Fund to the sum of all 4 funds: Annuity Savings Fund, Annuity Reserve Fund,  
13 Pension Accumulation Fund, and the Pension Reserve Fund.]

14 [(iii)  $\frac{3}{4}$  on June 30, 1983, for the initial increase (if any) and  $\frac{3}{4}$  for each subsequent  
15 year until a Contingency Reserve Fund has been accumulated according to the  
16 following method. The remaining  $\frac{1}{4}$  of excess investment earnings as of June 30,  
17 1983, and each succeeding June 30 shall be set aside as a Contingency Reserve  
18 Fund until the value of that fund is at least equal to  $2\frac{1}{2}\%$  of the Annuity Reserve  
19 Fund and the Pension Reserve Fund as of the end of the most recent June 30. For  
20 each year in which the Contingency Reserve Fund is more than  $2\frac{1}{2}\%$  of the  
21 Annuity Reserve Fund and the Pension Reserve Fund, the  $\frac{3}{4}$  fraction does not  
22 apply and the amount available to increase benefits is the product of items (i) and  
23 (ii).]

24 [(d) *Paid-Up Benefit Fund and Contingency Reserve Fund.*]

25 [(i) The existence of a Paid-Up Benefit Fund and a Contingency Reserve Fund is  
26 specifically authorized, § 36 to the contrary notwithstanding.]

27 [(ii) (A) The Paid-Up Benefit Fund is the primary fund from which all benefit increases  
28 provided under this section shall be paid. The Paid-Up Benefit Fund shall be  
29 funded with excess investment earnings consistent with subsection (c) of this  
30 section.]

31 [(B) For any year in which the investment return of the Paid-Up Benefit Fund exceeds  
32 the interest assumption on which the purchase of paid-up benefits is based, that  
33 excess shall remain in the fund.]

34 [(C) For any year in which the Paid-Up Benefit Fund experiences higher mortality  
35 rates than expected, the excess assets shall remain in the fund.]

**Council Bill 24-0532**

1 [(D) On determination of the amount of the excess assets in this Fund by the system's  
2 actuary, the Board of Trustees may allocate all or part of the excess assets to  
3 provide additional benefit increases to those retirees and beneficiaries eligible for  
4 increases under § 36A(a)(1) of this subtitle.]

5 [(iii) (A) The Contingency Reserve Fund is a reserve to insure payment of previously  
6 accrued benefit increases for any year in which the Paid-Up Benefit Fund has a  
7 deficit or does not meet its investment return assumption. If there is a deficit in  
8 the Paid-Up Benefit Fund, the Board of Trustees shall transfer assets from the  
9 Contingency Reserve Fund to the Paid-Up Benefit Fund to offset that deficit. The  
10 Contingency Reserve Fund shall be funded with excess investment earnings  
11 consistent with subsection (c) of this section.]

12 [(B) For any year in which the value of the Contingency Reserve Fund is equal to or  
13 exceeds 2½% of the Annuity Reserve Fund and the Pension Reserve Fund, the  
14 Board of Trustees shall apply earnings on the Contingency Reserve Fund, in the  
15 amount or amounts it determines:]

16 [(1) to decrease the amount contributed by the City of Baltimore; or]

17 [(2) to decrease the period over which the unfunded accrued liability will be  
18 amortized.]

19 [(iv) The Board shall periodically determine investment policies for the Paid-Up Benefit  
20 Fund and the Contingency Reserve Fund. These policies must be consistent with the  
21 limitations set forth in this section.]

22 [(v)(A) The Board shall segregate or invest separately the assets of the Paid-Up Benefit  
23 Fund and the Contingency Reserve Fund in accordance with the standards set  
24 forth in § 35(h) of this subtitle.]

25 [(B) The Board is specifically empowered to invest and reinvest the assets of the  
26 Paid-Up Benefit Fund and the Contingency Reserve Fund in the medium of paid-  
27 up annuity contracts or guaranteed investment contracts purchased from one or  
28 more insurance companies, as long as each insurance company has no less than  
29 the highest rating from A.M. Best Company or a comparable company.]

30 [(C) If, in the purchase of an annuity contract, the single premium paid-up annuity  
31 cost offered by the insurance company results in a cost savings to this System, the  
32 Board of Trustees shall apply the amount of that cost savings, in the amount or  
33 amounts it determines:]

34 [(1) to decrease the amount contributed by the City; or]

35 [(2) to decrease the period over which the unfunded accrued liability will be  
36 amortized.]

**Council Bill 24-0532**

1 [(e) *Benefit increases to be paid only from Paid-Up Benefit Fund and Contingency Reserve*  
2 *Fund.*]

3 [(i) Any benefit increase provided under this section shall be funded on a single-premium  
4 paid-up annuity basis. For this purpose, “single-premium paid-up annuity basis” has  
5 the common actuarial meaning of spreading the amount available to provide a benefit  
6 over the lifetime of an individual in the form of an annuity. It is intended that any  
7 benefit increase continue for the lifetime of the eligible member and any beneficiary,  
8 consistent with any option elected under § 34.]

9 [(ii) The granting of any benefit increase under this section is contingent on the  
10 performance of the Retirement System’s investment funds. The continuation of any  
11 benefit increase previously accrued under this section is specifically made contingent  
12 on the ability of the Paid-Up Benefit Fund and the Contingency Reserve Fund to  
13 provide these benefits in the future. §§ 37 and 42 to the contrary notwithstanding, any  
14 benefit increase provided under this section is not and does not become an obligation  
15 of the City of Baltimore. In the event of any conflict between this section and either  
16 or both § 37 or § 42, this section prevails.]

17 [(iii) If the members’ longevity or the performance of this System’s investment funds  
18 causes a decline in the value of the Paid-Up Benefit Fund and the Contingency  
19 Reserve Fund, with the result that the actuarial value of benefit increases previously  
20 accrued under this section exceeds the value of the Paid-Up Benefit Fund and the  
21 Contingency Reserve Fund, the Board of Trustees shall reduce or eliminate previously  
22 accrued increases on an equal percentage basis, effective as of January 1 following the  
23 June 30 on which a deficit exists. An equal percentage reduction shall be made to all  
24 benefits granted under this section, regardless of when those increases were granted.  
25 If the Paid-Up Benefit Fund and the Contingency Reserve Fund become exhausted or  
26 decline in value to the point of having no value, previously accrued increases shall be  
27 eliminated in full. Any excess investment earnings available under subsection (c) of  
28 this section in a subsequent year shall be used to provide an increase in benefits  
29 without restoration of any prior reduction or elimination of benefit increases  
30 previously accrued.]

31 [(f) *Paid-Up Benefit Fund to provide increase in widow’s and children’s benefit.*]

32 [Notwithstanding the provisions of subsections (d) and (e) above, \$17.2-million from the  
33 Paid-Up Benefit Fund shall be transferred to the Pension Reserve Fund effective June 30,  
34 1993. The purpose of the transfer is to partially fund the benefit improvements made by  
35 this Ordinance 93-262. The total \$17.2-million transfer shall reduce the system’s  
36 unfunded liability and shall be amortized with interest as a credit to reduce the City’s
