The Baltimore City Health Department (BCHD) is pleased to have the opportunity to review Council Bill 14-0361- Late-Night Commercial Operations- Multiple Businesses. The purpose of this bill is repeal exceptions for certain multiple businesses from the application, notice, objections and hearing processes otherwise required to obtain and renew late-night operations licenses; providing for the application of this Ordinance to multiple businesses previously licensed under these exceptions; providing for a special effective date; and generally relating to the licensing and regulation of late-night commercial operations.

BCHD's primary mission is to promote a healthy Baltimore City by advocating, leading, and providing services of the highest quality in order to promote and protect the health of the residents of Baltimore. We have reviewed this bill and we do not believe that this change in procedure overseen by the Department of Finance will impact the health of Baltimore City. Therefore, BCHD has no objections to this bill.
