

MEMORANDUM

TO: Honorable President and Members of the City Council  
Attention: Natawna Austin, Executive Secretary

FROM: William H. Cole, President and CEO 

DATE: November 2, 2015

SUBJECT: City Council Bill No. 15-0586  
University of Maryland Baltimore BioPark – Development District

The Baltimore Development Corporation (BDC) strongly supports and is pleased to sponsor City Council Bill No. 15-0586, University of Maryland Baltimore BioPark—Development District. Bill No. 15-0586 is one of three pieces of legislation that, if approved, will establish Tax Increment Financing (or “TIF”) at 873 and 850 W. Baltimore Street.

Effect of Legislation

City Council Bill No. 15-0586 will, among other things, designate a Development District at 850 and 873 West Baltimore Street and establish the tax increment fund necessary for the issuance and payment of special obligation bonds issued in connection with the Development District. The boundaries of the Development District will be limited to the properties designated as the area consisting of 850 West Baltimore Street, Baltimore, Maryland (Ward 18, Section 10, Block 0203, Lot 001B) and 873 West Baltimore Street, Baltimore, Maryland (Ward 18, Section 09, Block 0220, Lot 001M), together with the adjoining roads, highways, alleys, rights-of-way, and other similar property or rights.

Related Legislation

Bill No. 15-0586, is part of a package of legislation consisting of this bill and two additional Bills that allow the City to establish TIF at 850 and 873 W. Baltimore Street in order to finance the construction of approximately 250,000 square feet of innovation and laboratory infrastructure at 873 W. Baltimore Street.

- City Council Bill No. 15-0587, University of Maryland Baltimore BioPark—Bond Ordinance

City Council Bill No. 15-0587 will, among other things: (1) authorize the City, on terms to be approved by the Board of Finance, to issue Special Obligation Bonds, in an amount not to exceed \$17,500,000 to fund installation and maintenance of improvements

A handwritten mark, possibly a signature or initials, located at the bottom right of the page.

associated with the construction of 873 W. Baltimore Street in the University of Maryland Baltimore (UMB) BioPark; (2) pledge Tax Increment Revenues and Special Tax Revenues (as such terms are defined in the Bill) generated by the Project to the payment of debt service on the Special Obligation Bonds; and (3) authorize the Board of Finance to specify and prescribe the terms of the issuance, sale, and payment of the Special Obligation bonds.

- City Council Bill No. 15-0588, University of Maryland Baltimore BioPark--Special Taxing District

This Bill will create the University of Maryland Baltimore BioPark Special Taxing District and authorize the City to levy Special Taxes and determine various matters in connection with establishment of the special taxing district. The purpose of creating the Special Taxing District is to guarantee the City's ability to repay the holders of TIF bonds in the event and to the extent that the Tax Increment Revenues collected are insufficient to service the debt on the TIF Bonds. In this manner and as a result of forming the Special Taxing District, the property owners within the Special Taxing District—in this case the developers of 873 W. Baltimore Street—are financially liable to the City to guarantee the City's ability to make payments to bond holders.

#### Related RISE Zone Legislation

In order for TIF to be used for innovation and laboratory improvement purposes at 873 W. Baltimore Street, UMB must be designated as a "Qualified Institution" under the State's Regional Institution Strategic Enterprise (RISE) Zone Program; and a RISE district that includes 873 W. Baltimore Street must be approved by the State of Maryland and Baltimore City. This designation and approval is under consideration by the Maryland Department of Commerce and the Mayor and City Council of Baltimore City (City Council Bill No 15-0561).

The particular details of the 873 W. Baltimore Street development, the proposed issuance of Special Obligation TIF Bonds, and the City benefits of the TIF are described in BDC's report of Bill No. 15-0587, University of Maryland Baltimore BioPark—Bond Ordinance.
