DATE:

TO

The Honorable President and Members
of the Baltimore City Council

August 12, 2016

The Baltimore City Environmental Control Board (ECB) is pleased to have the opportunity to review Council Bill #16-0718, Ticket Sales – Ticket Purchasing Software. The purpose of the bill is to prohibit the use of ticket purchasing software to avoid controls or measures that cap the number of tickets that can be purchased for admission to an entertainment venue and prohibit the resale of tickets obtained through ticket purchasing software.

ECB anticipates that the number of citations that will be issued for a violation of the relevant provision will have no significant impact on ECB operations. For this reason ECB has no objections to the passage of this bill.
