Re: City Council Bill 17-0096 – Zoning – After-Hours Establishments; Lounges

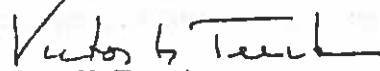

Dear President and City Council Members:

The Law Department has reviewed City Council Bill 17-0096 for form and legal sufficiency. The bill defines certain terms and regulates after-hours establishments and lounges as those terms are defined in the bill. The proposed legislation has an immediate effective date.

Until Transform Baltimore went into effect, June 5, 2017, after-hours establishments were conditional uses in certain zoning districts requiring approval by the Board of Municipal and Zoning Appeals. Transform Baltimore, effective after the above date, appears to have inadvertently omitted regulations applicable to these establishments. City Council Bill 17-0096 proposes to correct the omission by regulating after-hours establishments in the manner contained in the bill. Furthermore, the bill seeks to regulate "lounges" as that term is defined in the legislation.

In reviewing the bill, the Law Department concluded that the bill as drafted could not be approved for form and legal sufficiency, given certain ambiguity contained in the definition of "lounge." The amendment offered by the Department of Housing and Community Development ("DHCD") eliminates the ambiguity. For this reason, and assuming the bill is amended as offered by DHCD, the Law Department is prepared to approve Council Bill 17-0096 for form and legal sufficiency.

Very truly yours,

## MEMORANDUM

To: The Honorable President and Members of the Baltimore City Council  
c/o Natawna Austin, Executive Secretary

From: Michael Braverman, Acting Housing Commissioner

Date: July 31, 2017

Re: **City Council Bill 17-0096 – Zoning – After-Hours Establishments; Lounges**

---

The Department of Housing and Community Development (HCD) has reviewed City Council Bill 17-0096, for the purpose of allowing certain after-hours establishments and certain lounges only in certain commercial and industrial zoning districts; defining certain terms; imposing certain standards; providing for a special effective date; and generally relating to the zoning and development laws of Baltimore City.

If enacted, this bill would add definitions and standards for use for after-hours establishments and lounges to the Baltimore City Zoning Code, Article 32. These definitions and standards for use will provide the necessary oversight for businesses without a liquor license or some other type of after-hours restriction in certain Commercial and Industrial zoned Districts in the City. The proposed bill would permit certain establishments to operate not only after midnight, but also after 2:00 am based on conditional use authorization by the Board of Municipal Zoning Appeals (BMZA).

If this bill does not pass, it could result in establishments seeking applications for live entertainment under the authority of the new zoning code, which would allow them to be open for 24 hours without any after-hours conditional use review. All of the other authorized uses in the code either have a liquor license and close at 2:00 a.m. or they have an after-hours conditional use permit in place as per the old zoning code. This bill would close an existing gap in the zoning code by requiring an “after-hours establishment” that remains open after 2:00 a.m. to receive conditional approval from the BMZA.

The Department of Housing and Community Development strongly encourages the passage of City Council Bill 17-0096.

**FROM:** William H. Cole, President and CEO 

**DATE:** August 4, 2017

**SUBJECT:** City Council Bill No. 17-0096  
Zoning - After-Hours Establishments; Lounges

---

The Baltimore Development Corporation (BDC) has been asked to comment on Council Bill 17-0096, Zoning-After-Hours Establishments; Lounges. For the purpose of allowing certain after-hours establishments and certain lounges only in certain commercial and industrial zoning districts; defining certain terms; imposing certain standards; providing for a special effective date; and generally relating to the zoning and development laws of Baltimore City.

The proposed bill pertains to those businesses with or without a liquor license seeking to operate as an After-Hours Establishment, including Lounges. As a result of an unintentional omission of language from the prior zoning code, these uses are not fully addressed and defined under the new zoning code for Baltimore City, which became effective on June 5, 2017. This legislation is necessary to reestablish oversight for these business types under the new zoning code in a manner similar to that of the prior code for Baltimore City.

BDC supports Bill 17-0096 and respectfully requests that favorable consideration is given by the City Council.

Re: City Council Bill 17-0096 – Zoning – After-Hours Establishments; Lounges

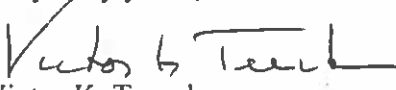

Dear President and City Council Members:

The Law Department has reviewed City Council Bill 17-0096 for form and legal sufficiency. The bill defines certain terms and regulates after-hours establishments and lounges as those terms are defined in the bill. The proposed legislation has an immediate effective date.

Until Transform Baltimore went into effect, June 5, 2017, after-hours establishments were conditional uses in certain zoning districts requiring approval by the Board of Municipal and Zoning Appeals. Transform Baltimore, effective after the above date, appears to have inadvertently omitted regulations applicable to these establishments. City Council Bill 17-0096 proposes to correct the omission by regulating after-hours establishments in the manner contained in the bill. Furthermore, the bill seeks to regulate "lounges" as that term is defined in the legislation.

In reviewing the bill, the Law Department concluded that the bill as drafted could not be approved for form and legal sufficiency, given certain ambiguity contained in the definition of "lounge." The amendment offered by the Department of Housing and Community Development ("DHCD") eliminates the ambiguity. For this reason, and assuming the bill is amended as offered by DHCD, the Law Department is prepared to approve Council Bill 17-0096 for form and legal sufficiency.

### STAFF REPORT

Thomas J. Stosur  
Director

July 27, 2017

**REQUEST:** City Council Bill #17-0096/ Zoning – After-Hours Establishments; Lounges:

For the purpose of allowing certain after-hours establishments and certain lounges only in certain commercial and industrial zoning districts; defining certain terms; imposing certain standards; providing for a special effective date; and generally relating to the zoning and development laws of Baltimore City.

**RECOMMENDATION:** Approve

**STAFF:** Christina Hartsfield

**INTRODUCED BY:** Council President Young at the request of The Administration  
(Department of Housing and Community Development)

**HISTORY:**

- December 5, 2016, Ordinance #16-581 established a new Article 32 – Zoning, which repealed and replaced the prior zoning code of 1971.
- June 5, 2017, Ordinance #17-015, legalized and corrected Ordinance #16-581.
- June 15, 2017, the Planning Commission recommended approval of City Council Bill #17-0075 – Zoning – Corrective

**ANALYSIS:**

The Department of Housing and Community Development is requesting that Baltimore City Code, Article 32 – Zoning be amended for the purpose of adding definitions and use standards for after-hours establishments and lounges. These definitions provide new use categories by which the City can more accurately assign permits and provide regulatory oversight to certain uses that typically host crowds during late-night hours, with or without live entertainment.

Adding "after-hour establishment" as a use would capture those businesses that operate between 2:00am and 6:00am primarily for entertainment and social gatherings. Banquet halls, lodges, social clubs, adult entertainment venues, lounges, restaurants with live entertainment, and general live entertainment venues that are open after 2:00am are included in this category. Late-night businesses like twenty-four hour pharmacy stores, hospitals, and similar retail or institutional uses would not be considered after-hour establishments since they do not primarily function as a place for social gatherings. After-hour establishments would only be allowed in C-1-E, C-3, C-4, and C-5 zoning districts.

To facilitate the management of sizable crowds during late night hours, regulatory oversight by way of conditions of the use will be placed upon these after-hour establishments. The Zoning Board must consider conditions on days and hours of operation, noise levels, number of entertainers, types of entertainment, lighting, traffic and parking management, and security on a case-by-case basis. These conditions will help protect the integrity of the business and, more importantly, the integrity, safety, and quality of life in the surrounding neighborhood.

The "lounge" definition is being added to more accurately classify those establishments that also cater to social gatherings and may operate late night, but do not serve food or alcohol nor provide entertainment for patrons. Furthermore, because a lounge must be open to the public, it cannot be classified as a lodge, social club, banquet hall, or adult entertainment venue. Lounges would be permitted in C-1-E, C-3, C-4, and C-5 districts and conditional in the I-MU district.

It is staff's assessment that the proposed legislation to add definitions for "after-hour establishment" and "lounge" is needed to further align the City's Zoning Code with contemporary land uses and lifestyle trends, and also provide the City with the appropriate regulatory tools to develop LIVE-WORK-PLAY environments that are beneficial to businesses, visiting patrons, and long-standing community members.

Re: City Council Bill 17-0096 – Zoning – After-Hours Establishments; Lounges

---

The Department of Housing and Community Development (HCD) has reviewed City Council Bill 17-0096, for the purpose of allowing certain after-hours establishments and certain lounges only in certain commercial and industrial zoning districts; defining certain terms; imposing certain standards; providing for a special effective date; and generally relating to the zoning and development laws of Baltimore City.

If enacted, this bill would add definitions and standards for use for after-hours establishments and lounges to the Baltimore City Zoning Code, Article 32. These definitions and standards for use will provide the necessary oversight for businesses without a liquor license or some other type of after-hours restriction in certain Commercial and Industrial zoned Districts in the City. The proposed bill would permit certain establishments to operate not only after midnight, but also after 2:00 am based on conditional use authorization by the Board of Municipal Zoning Appeals (BMZA).

If this bill does not pass, it could result in establishments seeking applications for live entertainment under the authority of the new zoning code, which would allow them to be open for 24 hours without any after-hours conditional use review. All of the other authorized uses in the code either have a liquor license and close at 2:00 a.m. or they have an after-hours conditional use permit in place as per the old zoning code. This bill would close an existing gap in the zoning code by requiring an "after-hours establishment" that remains open after 2:00 a.m. to receive conditional approval from the BMZA.

The Department of Housing and Community Development strongly encourages the passage of City Council Bill 17-0096.

Re: City Council Bill No. 17-0096: Zoning – After-Hours Establishments; Lounges

Ladies and Gentlemen:

City Council Bill No. 17-0083 has been referred by your Honorable Body to the Board of Municipal and Zoning Appeals for review and subsequent recommendation. The purpose of City Council Bill No. 17-0096 is to amend Article 32 {Zoning} that will add two new uses; after-hours establishments and lounges. After-hours establishments will be a conditional use that requires BMZA approval in the C-1-E and C-3 through C-5 zoning districts, and lounges will be permitted in C-1-E, C-3 through C-5, and conditional based upon BMZA approval in the I-MU zoning district. The subsequent passages will address the proposed uses in order to give a more contextual understanding why these two amendments should passed.

**AFTER-HOURS ESTABLISHMENTS**

Historically, after-hours establishments were conditional uses that required BMZA approval in the B-3, B-4, and B-5 zoning districts with additional considerations and required findings under § 14-310 of the old zoning code. The definition that is outlined in this proposed bill is consistent with the previous definition under the old zoning code, and the proposed use standards for after-hours establishment is the exact same language that was in § 14-310 of the old zoning code. The only marginal changes occur on the definition to make the appropriate adaptation to the new uses within Article 32.

Under Article 32 {Zoning}, the regulatory provisions surrounding after-hours establishments was omitted completely. Moreover, in the areas of C-3 through C-5, there are no other regulatory mechanisms to stop live entertainment establishments, social clubs, banquet halls, or similar places from operating beyond 2 a.m. This lack of oversight and inadequate regulatory mechanisms causes an inability for nearby residents, community organizations, and property owners to voice any trepidation that they may have with a use of this manner.

By reestablishing the after-hours establishment into Article 32, the city will be able to address specific uses that want to operate in this manner while giving the appropriate public forum for concerned citizens to voice any issues or opinions they may have on the matter.

*Fav of comm*

Moreover, it will give the city the ability to impose circumstantial restrictions that may need to occur, as well as the ability to revoke the use and occupancy permit for operators who consistently cause adverse issues by operating beyond 2 a.m.

## **LOUNGES**

The proposed use of a lounge is new to the City of Baltimore, but one that needs to be clearly defined due to the trending social and economic behavior that is displayed within Baltimore City. Currently, uses that would fit the proposed definition of a lounge does not have a place within the zoning code. In order to add clarity to Article 32, and to enable willing business-owners to operate lawfully, the definition of a lounge with the requisite use standards is an appropriate method for alleviating this void.

Therefore, the BMZA recommends that City Council Bill 17-0096 be approved.

Sincerely,

David C. Tanner
