## CITY OF BALTIMORE COUNCIL BILL 20-0210R (Resolution)

Introduced by: President Scott, Councilmembers Clarke, Henry, Middleton, Burnett, Bullock, Cohen, Pinkett, Stokes, Dorsey, Sneed Introduced and adopted: April 13, 2020

## A COUNCIL RESOLUTION CONCERNING

1 2	Emergency Response to COVID-19 – Immediate Housing For Persons Who Are Homeless
3 4	FOR the purpose of calling on the Mayor, the Board of Estimates, and all affected City agencies to immediately make available sufficient hotel rooms and other non-congregate housing to
5	provide homes for all interested persons currently residing in congregate spaces within
6	homeless shelters and all other homeless persons in Baltimore City.
7	Recitals
8	On March 5, 2020, Governor Larry Hogan declared a state of emergency in the State of
9	Maryland, and on March 19, 2020, Mayor Bernard C. "Jack" Young declared a state of
10 11	emergency in Baltimore City. Both states of emergency related to the imminent public health emergency posed by COVID-19.
12	COVID-19 is a devastating disease that presents a significant risk of bodily harm and
13	possible death to anyone who contracts the disease – particularly those most vulnerable members
14	of society with pre-existing health conditions.
15	Individuals who are experiencing homelessness are often among the most medically
16	vulnerable members of society and have a high rate of pre-existing health conditions.
17	Individuals who have contracted COVID-19 may not exhibit symptoms for a period of up to
18	14 days, and yet those individuals are often highly contagious during that 14-day period. Thus,
19 20	screening individuals entering homeless shelters is not a fully effective means of identifying and isolating individuals who have contracted COVID-19 and who are contagious.
21	The National Association to End Homelessness has recommended as a best practice that all
22	persons residing in congregate spaces in homeless shelters and other homeless people be moved
23 24	into hotels or other non-congregate housing arrangements, and cities such have San Diego,
25	Seattle, and Austin have moved or plan to move all willing persons from congregate spaces in homeless shelters and other homeless persons to hotels and other non-congregate housing
26	options.
27	Failing to provide immediate housing to persons in homeless shelters has a disparate impact
28	on persons who are black because shelter residents are disproportionately persons who are black
29	compared to the general population of Baltimore City.
