To Whom It May Concern:

The Reservoir Hill Improvement Council Board has accepted the recommendation of the Joint Committee on Housing and Development, approving the revised plans of GL Capital for a four-unit rental property at 2437 Madison Avenue. RHIC is pleased to offer its support for those plans and commends the developer for responding effectively to the community's concerns about density, parking, and rear access. We welcome conscientious developers such as GL Capital to beautify and strengthen Reservoir Hill.

Sincerely,

Don Akchin
Co-Chair

Founded in 1985, RHIC unites, empowers, & mobilizes residents and organizations to define and take action on issues common to the Reservoir Hill community.
