

October 6, 2021

The Honorable President and Members of the City Council City Hall, Room 400

Position: Support

The Department of Finance is herein reporting on City Council Bill 21-0146 - Supplementary General Fund Operating Appropriation – Mayoralty-Related: Educational Grants - \$4,000,000, the purpose of which is to increase the Fiscal Year 2021 appropriation of General Funds by \$4,000,000 to M-R: Educational Grants.

Background

Fiscal 2021 was an extraordinary year in which the full financial impacts of the COVID-19 pandemic came to light and the uncertainty of events exacerbated the economic hardships experienced by residents and businesses throughout Baltimore City. As a result, the City incurred new expenses to try to minimize economic impacts and control the spread of COVID-19. These expenses included direct health responses, assistance programs for vulnerable populations, small business support, and the gradual restoration of inperson governmental operations.

The Baltimore City Charter requires that each agency ends the fiscal year in balance. The Department of Finance recommends appropriation transfers and supplementary appropriations when an agency is projected to close the fiscal year in deficit. This supplemental appropriation is required to meet the Charter mandate.

Fiscal Impact

M-R: Educational Grants incurred unexpected expenditures for childcare provider support as a result of the COVID-19 pandemic. This supplemental appropriation of \$4,000,000 is necessary to accommodate these unbudgeted costs. CARES Act funding will be used to cover these supplemental expenses.

Conclusion

This supplemental appropriation is required to meet the Charter mandate that annual agency expenditures do not exceed appropriations, and is necessary due to the increased costs related to the ongoing COVID-19 pandemic.

For the reasons stated above, the Department of Finance supports City Council Bill 21-0146.
