A COUNCIL RESOLUTION CONCERNING

Downtown Management Authority - Composition - Member Selected by the Baltimore City Council

FOR the purpose of selecting and approving Councilmember Eric T. Costello to represent the Baltimore City Council on the Downtown Management Authority's Board of Directors pursuant to City Code Article 14, Section 1-7(e)(3).

Recitals

City Code Article 14, Subtitle 1 authorizes the creation of the Downtown Management District (the "District") and the Downtown Management Authority (the "Authority"), subject to certain terms, conditions, and limitations.

The Code also establishes that a Board of Directors shall oversee and govern the Authority. Among other Board positions, the Code requires that "1 member shall be selected by and approved through Resolution of the City Council." *See* Art. 14, § 1-7(e)(3).

As such, the Council finds that there is no better councilmember to fill such a role than the councilmember who represents downtown Baltimore, Councilmember Eric T. Costello. Councilmember Costello has ably represented Baltimore's 11th District since 2014 and since that time has dutifully served on the Board of the Downtown Management Authority. Indeed, Councilmember Costello knows downtown, its role as the economic engine of the City and the State, and its long- and short-term challenges better than most anyone in City government.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF BALTIMORE, That the Council selects and approves Councilmember Eric T. Costello to represent the Baltimore City Council on the Downtown Management Authority's Board of Directors pursuant to City Code Article 14, Section 1-7(e)(3).

AND BE IT FURTHER RESOLVED, That a copy of this Resolution be sent to the Mayor, the President of the Board of Directors of the Downtown Management Authority, the Executive Director of the Downtown Management Authority, and the Mayor's Legislative Liaison to the Baltimore City Council.

Councilmember Middleton made a motion, which was duly seconded, that the Rules be suspended.

There being no objection, the President declared that the Rules were suspended.

Then Councilmember Middleton made a motion, which was duly seconded, that the Resolution be adopted.

The roll was called on the motion, resulting as follows:

Yeas - President and Councilmembers Cohen, McCray, Dorsey, Conway, Schleifer, Middleton, Torrence, Burnett, Bullock, Porter, Costello, Stokes, Glover, Ramos - Total 15.

Nays - 0.

Journal of the City Council**COMMITTEE REPORTS****BILL NO. 21-0026 REPORTED FAVORABLY
AND ORDERED PRINTED FOR THIRD READING**

Councilmember Middleton, for the Economic and Community Development Committee, reported that the Committee has complied with the Land Use Article of the Maryland Code and recommends the adoption of Bill No. 21-0026 favorably.

An Ordinance changing the zoning for the property known as 1201 South Caton Avenue (Block 2108C, Lot 002), as outlined in red on the accompanying plat, from the EC-1 Zoning District to the I-1 Zoning District; and providing for a special effective date.

Findings of Fact**City Council Bill No. 21-0026****Rezoning – 1201 South Caton Avenue**

Upon finding as follows with regard to:

(1) Population changes;

There has not been a significant change in population in the immediate area that would affect this proposal in any material way. Overall, the City has been losing industrially zoned land in recent years, and this would provide for an additional property that is appropriately sized and shaped, and that is desirable for light industrial uses.

(2) The availability of public facilities;

This area is served by City utilities that are adequate for a wide range of uses and intensity of redevelopment.

(3) Present and future transportation patterns;

This area is a part of the City's street grid, and will not negatively impact transportation or traffic patterns. South Caton Avenue is listed as a Through Truck Route by the Department of Transportation.

(4) Compatibility with existing and proposed development for the area;

As this property is located at the intersection of South Caton Avenue and I-95, this site is well suited to warehouse and distribution center use, as trucks will have immediate

highway access, and will not need to cross through residential areas to do so. It is also contiguous to additional I-1 zoned land to the east and west, bordering the I-95 corridor.

- (5) The recommendations of the City agencies and officials, including the Baltimore City Planning Commission and the Board of Municipal and Zoning Appeals;

The Planning Commission voted unanimously to recommend passage of the bill. The Board of Municipal Zoning Appeals defers to the Planning Commission. The City agencies to which the bill was referred made the following recommendations:

Planning Commission	Favorable
Board of Municipal and Zoning Appeals	Defers to the Department of Planning
Department of Transportation	No Objection
City Solicitor	Favorable with Comments
Department of Housing and Community Development	No Objection
Baltimore Development Corporation	Favorable

- (6) The proposed amendment’s relationship to and consistency with the City’s Comprehensive Master Plan.

The Comprehensive Master Plan’s EARN Goal 1, Objective 1: Retain and Attract Businesses in all Growth Sectors. Following rezoning, the Property would be eligible for redevelopment, which has the potential to create a significant number of new jobs in this community.

- (7) Existing uses of property within the general area of the property in question;

This property is adjacent to the former Cardinal Gibbons campus that is being redeveloped for mixed commercial and potentially residential use. The proposed I-1 zone will be compatible with the existing and future development for this area, and is positioned to take advantage of its placement at an interstate highway intersection.

- (8) The zoning classification of other property within the general area of the property in question;

This property would join two I-1 zones along the I-95 corridor to the east and west. The adjacent C-2 and OR-2 will not be negatively impacted by the proposed rezoning. The only adjacent residentially-zoned land is an R-6 to the west across South Caton Avenue, which is a large multi-family senior-housing complex and the related services (Jenkins Senior Living, The Neighborhoods at St. Elizabeth, Caritas House, St. Ann Day Services,

and DePaul House). The R-3 zone on the south side of I-95 is separated from the proposed rezoning by the highway's cloverleaves (some 750' across), and it will not be directly affected by 1201 South Caton Avenue.

(9) The suitability of the property in question for the uses permitted under its existing zoning classification;

This property is perfectly suited for light industrial use, as it will connect existing I-1 land, and is placed right at the interstate highway intersection, which is advantageous for the proposed warehouse/distribution uses.

(10) The trend of development, if any, in the general area of the property in question, including changes, if any, that have taken place since the property in question was placed in its present classification;

The most recent developments in the area are on the campus of St. Agnes Hospital, and the mixed-use development around the Babe Ruth Field at Cardinal Gibbons. The surrounding neighborhood has been stable, with little other development in recent years.

(11) For a rezoning based on a SUBSTANTIAL CHANGE IN THE CHARACTER OF THE NEIGHBORHOOD, the following facts establish the substantial change since the time of the last comprehensive rezoning:

Department of Planning staff recommends that the Planning Commission find that there has been a significant change in the character that would support the requested rezoning. The closure of the Seton Keough High School occurred just at the end of the Comprehensive Rezoning process of the City, which was voted through Council in December of 2016, later to take effect in June of 2017. In the several years since, there has been no interest for any educational institution to use this property. If the property is not viable for educational use, then the EC-1 Educational Campus zoning is no longer appropriate. For this reason, staff recommends approval of this bill.

(12) For a rezoning based on a MISTAKE in the existing zoning classification, the following facts establish that at the time of the last comprehensive zoning the Council failed to consider then existing facts, or projects or trends which were reasonably foreseeable and/or that events occurring subsequent to the comprehensive zoning have proven that the Council's initial premises were incorrect:
