Recitals

The Tax Increment Financing Act, Article II, Section (62) of the Baltimore City Charter (the “Act”) authorizes the Mayor and City Council of Baltimore (the “City”) to establish a “development district” (as defined in the Act) and a special, tax increment fund into which the revenues and receipts from the real property taxes representing the levy on the “tax increment” (as defined in the Act) for the development district are deposited, for the purpose of providing funds for the development of the development district.

The Act also authorizes the City, subject to certain requirements, to borrow money by issuing and selling bonds for the purpose of financing and refinancing the development of industrial, commercial, or residential areas in Baltimore City. The Act provides, however, that no bonds may be issued by the City until an ordinance is enacted that (i) designates an area or areas within the City as a “development district” and (ii) provides that, until the bonds have been fully paid, the property taxes on real property within the development district shall be divided as provided in the Act.

Pursuant to the Act and Ordinance 03-642, passed by the City Council effective on December 22, 2003 (“Ordinance

03-642”), the City established a development district known as the North Locust Point Development District (the “North Locust Point Development District”) to facilitate the development of the Infrastructure Improvements (as defined in Ordinance 03-642).

Pursuant to the Act, Ordinance 03-642, Article II, Section (62A) of the Baltimore City Charter, Ordinance 04-851 of the City Council and Ordinance 04-850 of the City Council, both effective on November 29, 2004, and a Resolution adopted by the Board of Finance of the City on July 25, 2005, the City issued the Series 2005 Bonds (defined herein).

The City wishes to expand the North Locust Point Development District by including additional properties for the purpose of providing funds for costs of certain infrastructure improvements and related costs permitted by the Act, including, without limitation, parking facilities; additional road improvements and sidewalks, including a pedestrian bridge; park facilities, including walking and biking paths; promenade improvements; and additional facilities, including pier and bulkhead improvements.
