Recitals

The Downtown Management District was established by Ordinance 92-057 (now codified as City Code Article 14, Subtitle 1), pursuant to authority granted by City Charter Article II, § 61. Since 1992, the District has been renewed by overwhelming support of its stakeholders for three five-year renewal terms.

The proposed legislation would give the District flexibility in setting the amount of its surcharge rate, similar to the powers available to other districts in Baltimore City. Also, the legislation would amend the borrowing restrictions governing the District, allowing the District to borrow capital funds to initiate projects necessary for the continuing renaissance of Downtown Baltimore.
