Recitals

Outdoor advertising constitutes a separate and distinct type of activity within the City that affects the use of City streets, sidewalks, and other public places while impacting many private places open to the public.

The unregulated display of outdoor advertising constitutes a public nuisance that imposes costs on the City beyond those caused by other activities by harming the health, safety, convenience, and welfare of the residents of the City.

The Council has determined that outdoor advertising endangers public safety by distracting the attention of drivers from the roadway and may otherwise endanger the public health, safety, and welfare. This leads to increased public safety costs for the City.

The Council has also determined that outdoor advertising may harm the City by creating visible clutter and blight, and by promoting a negative aesthetic impact in the City, in a way that reduces the City's ability to collect revenue from other sources.

The tax imposed by this Ordinance advances significant government interests by properly allocating the potential economic burdens caused by outdoor advertising while reducing these harms. This tax is the least restrictive means necessary to achieve these goals.

SECTION 1. BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF BALTIMORE, That the Laws of Baltimore City read as follows:
