Title:	Request for State Action - Reform Residential Retail Electricity and Natural Gas Markets For the purpose of calling on the Baltimore City delegation to the 2019 Maryland General Assembly to create legislation that requires the Public Service Commission to collect and analyze retail electric and natural gas supplier actual rates, usage, and zip-code information and data for residential customers; eliminate retail supplier individual residential market contracts; make aggregated supply options that would lower costs available to households; and enact additional consumer pricing and contract safeguards for all Maryland residents who choose third-party energy supply.
